#### PUBLIC NOTICE

#### EXPORT TRADE CONTROL

*New Delhi, the 21st November 1962*

**SUBJECT.**—*Export of Metallurgical residues i.e., drosses, skimmings, slags, ashes, slimes and flue dust etc., S. No. (11)—Part B, of schedule 1 to the Export Control Order 1962.*

**No. 10/ETC(PN)/62.**—Under the existing policy export of drosses, skimmings, ashes, slimes, flue dust, slags etc., of metals other than those of silver either for outright sale or for treatment abroad and reimport of the refined metal is licensed freely on production of analytical report from one of the recognised Public Analysts indicating the physical state and 100 per cent. chemical composition of the material and provided the free metal contents in the material does not exceed 15 per cent by weight and the same is in a finely dispersed condition. Export of residues containing 15 per cent. or more of free metal content is not allowed at present.

2. It has now been decided that while applying for the export of copper and zinc residues/ashes etc., for treatment abroad and re-import of the refined metal, the exporter should furnish a declaration that he will sell the imported refined metal on directions of the Controller of Non-Ferrous metals in the case of copper and Development Officer (Metals) Development Wing in the case of other s, at the L.M.E. price prevalent at the rate of shipment of the residues/ashes etc., within a tolerance of 5 per cent. However, if the exporter does not agree to sell the refined metal at the L.M.E. price with a tolerance of 5 per cent. the export will be allowed on the basis of outright sale of the recovered metals in the foreign country and not otherwise.

**K. T. SATARAWALA,**  
Chief Controller of Imports and Exports.
